

**We Wish You A Merry  
Christmas#1:**

We wish Jerry Brown  
would listen  
We wish Jerry Brown  
would listen  
We wish Jerry Brown  
would listen  
But he just won't hear X2

Bad tidings we bring  
To you and your kin  
Bad tidings that climate  
change disaster is real

Allowing the corporations  
And oil to buy your  
statements  
Is not how to be a leader  
You're just selling out

**\*CHORUS:**  
**We wish Jerry Brown  
would listen  
We wish Jerry Brown  
would listen**

**We wish Jerry Brown  
would listen  
But he just won't hear**

If you care about the planet  
Then do something for our  
sanity  
Vote no on the delta tunnels  
And take a firm stand  
They're clear cutting trees  
for profit  
And what have to done to  
stop it  
So far you've done nothing  
To show that you care

**\*CHORUS:**  
**We wish Jerry Brown  
would listen  
We wish Jerry Brown  
would listen  
We wish Jerry Brown  
would listen  
But he just won't hear X2**
